

PRESS RELEASE

OT-Morpho signs up 5 million US travelers for TSA Pre?®

Program continues to grow with heavy summer travel expected.

MorphoTrust USA, part of OT-Morpho, a world leader in digital security and identification technologies, announces today that it achieved a milestone with its TSA Pre?® Application Program services by enrolling 5 million customers.

After receiving approval from TSA, this trusted traveler program allows U.S. citizens, U.S. nationals and Lawful Permanent Residents (LPR) to quickly move through security at US airports in expedited lines without removing shoes, laptops, liquids belts and light jackets. Ideal for domestic travel and frequent flyers who travel three or more times a year, this **enrollment service** is run exclusively by [IdentoGO](#), a service made by MorphoTrust.

The 5 million enrollees speak to the size and success of the program. It has allowed an impactful relief to wait-times in security lines at US airports while at the same time maintaining a high-level of security. **Trusted travelers enrolled** in the [TSA Pre?® Application Program](#) have a more convenient travel experience overall at the airports with less stress and hassle..

In May 2016, MorphoTrust ramped up efforts to meet the growing demand for **enrollment** in [TSA Pre?®](#) to make it easier and more convenient for travelers to enroll. In addition to organizing a successful summer pop-up **enrollment** tour last July and August, MorphoTrust also expanded customer convenience in the past year:

- Enrolled more than three million more travelers in [TSA Pre?®](#), from two to five million;
- Launched a **mobile enrollment** RV tour with two RVs now on the road enrolling people at business parks, universities, and music festivals;
- Introduced a Groupon package that includes a voucher for [TSA Pre?® Application Program enrollment](#) as well as \$150 worth of hotel discounts;
- Re-vamped the [TSA Pre?®](#) advertising campaign with a focus on Millennials.

The TSA Pre?® program makes air travel more secure and more convenient for everyone. MorphoTrust has made great progress expanding the enrollment infrastructure to meet the growing demand for the travel program over the past year. Our biggest priority is making it as easy and fast as possible for more Americans to enroll in TSA Pre?®, especially ahead of the busy summer travel season.

Bob Eckel, CEO of MorphoTrust USA

OT-Morpho is a world leader in digital security & identification technologies with the ambition to empower citizens and consumers alike to interact, pay, connect, commute, travel and even vote in ways that are now possible in a connected world.

As our physical and digital, civil and commercial lifestyles converge, OT-Morpho stands precisely at that crossroads to leverage the best in security and identity technologies and offer customized solutions to a wide range of international clients from key industries, including Financial services, Telecom, Identity, Security and IoT.

With close to €3bn in revenues and more than 14,000 employees, OT-Morpho is the result of the merger between OT (Oberthur Technologies) and Safran Identity & Security (Morpho) completed in 31 May 2017. Temporarily designated by the name "OT-Morpho", the new company will unveil its new name in September of this year.
